We've included pictures of the farm animals listed in this PDF at the end of the document to make it easy to print and cut out each animal. The final page is a list of the animal names in a larger size if you'd like to print and cut those out as well to mix and match.
2. Encourage your child to match the name with the animal! This exercise will help your child spell and read the vocab they have learned.
3. If your child isn't confident reading, simply ask them to repeat the animal name back to you when you hold up the different cutouts.
